Laguna Hills, CA 92653
(858) 267 - 9653

Professional Summary

Talented UX/UI designer with a strong background in front-end development, user experience design, and data-driven solutions. Over 5 years of experience in creating responsive, user-friendly web applications using technologies like HTML, CSS, JavaScript, Angular, and cloud platforms such as AWS. Proven ability to collaborate with cross-functional teams, conduct user research, and deliver scalable solutions that enhance user satisfaction and business outcomes.

Professional Experience

UX Engineer | ZyPixel | Feb 2024 - Present

- Collaborated with cross-functional teams to design and implement user-centered web applications.
- Created wireframes, prototypes, and high-fidelity designs using Figma and Adobe XD.
- Developed responsive front-end interfaces using HTML, CSS, JavaScript, and Angular/react.

UX Designer / IT Specialist | Discounted Warehouse | Feb 2020 – Feb 2024

- Developed high-performance database queries, optimizing data retrieval and processing efficiency.
- Designed visually appealing website layouts using Adobe XD, HTML, CSS, Bootstrap, and JavaScript, enhancing the overall user experience.

Web Designer | Let's Design for You, LLC | May 2019 – Dec 2020

- Developed and designed websites using WordPress, jQuery, JavaScript, HTML, Bootstrap, and CSS.

- Introduced a custom clock-in system using Google Apps Script, improving team productivity.

Freelancer | UX / UI Designer / Front-End Developer | 2017 – 2019

- Translated PSD files into responsive HTML layouts, ensuring seamless integration of design and functionality.
- Created visually appealing user interface layouts using Photoshop, XD, Figma, InVision, Sketch, Bootstrap, and CSS3.
- Developed dynamic web applications using the MEAN Stack, delivering scalable solutions that enhanced clients' digital presence.
